### A Master's degree

The International Master in Business Studies, granted by the IAE DIJON, University School of Management (University of Burgundy), is designed to provide skills in the core areas of business. It is a National Master's degree recognized by the French Ministry of Education

### Who should apply?

This degree is aimed at all those who are seeking to develop both a cross-functional and international view of companies, whatever their prior academic. French and European candidates (Erasmus program) should hold 180 ECTS credits in Social Sciences or other disciplines. For non-European candidates, a bachelor degree is required, and prior studies will necessarily be examined and validated by a university committee.

A good level of English is required.

## **Why choose this program?**

The program is designed to help students achieve a balance between practical knowledge (internship, projects) and theory. The multidisciplinary approach of this International program, drawing on fields such as strategy, finance, marketing, international business and human resources management, is designed to provide participants with the skills required to develop and manage the international activities of companies.

## **Program**

The International Master in Business Studies is a two-year full-time program in management with internship and mobility periods. The first semester starts mid-September and ends at the end of January - during this term students attend classes in the IAE's facilities. The second semester goes from February to mid-July, and students will be enrolled in an internship. Students will spend the third semester (second year) on an exchange program and will attend classes at the IAE's facilities during the fourth and last semester. The internships have to last at least 4 months, and maximum 6 months.

### **First Semester (Autumn)**

Decision Making in Economics  
Management Accounting  
Foundations of Finance  
Quantitative Methods and Data Analysis  
Strategy and Innovation

### **Organization**

Classes are entirely taught in English and students have the opportunity to learn French language and civilization at the same time. Class size is purposely limited which makes courses very dialogue-driven, and all faculty members are accessible to participants. Students coming from partner universities can follow just one Semester of the program.

### **Career opportunities**

Students will find managerial positions in an international environment in the fields of marketing, international trade, finance, human resources management, finance, ...

### **Fees**

4 000 euros for non-exchange students who want to get the degree. The fees do not include the French courses that are not in the teaching program below and the academic registration fees.
