

School of Management

| DEAN'S WELCOME

Our school of management is part of the University of Burgundy, located in the city of Dijon with an exceptional campus. The IAE (Institute of Business Management) of Dijon offers quality teaching (Bachelor, Master, Doctorate) elaborated by our pedagogical experts, and in close collaboration with stakeholders of the professional world.

With the values of public service at heart, we advocate for social inclusion, equality of chances for everyone, and allow professional insertion and evolution for all our graduate students.

All our professors-researchers are members of the CREGO (Center for Research in Organisations Management).

The IAE DIJON benefits from its international outreach thanks to strong partnerships with universities all around the world. We offer various opportunities for international mobility.

Over 90% of our graduate students find a job in the 6 months following the end of their studies at the IAE*.

Let your talents shine at IAE DIJON and be a part of our adventure : you'll never «work» alone!

| WHY STUDY AT IAE DIJON SCHOOL OF MANAGEMENT?

■ PROFESSIONALIZATION

IAE DIJON's philosophy is set on 'teaching-research-business'. With this philosophy in mind, the school provides students with numerous opportunities to interact with the professional domain through internships, work-linked training, company missions, classes taught by professionals, sponsorships, etc.

■ INTERNATIONAL ASPECT

In order to meet the challenges of globalisation, today's management professionals must be able to adapt to the multicultural environment of the business world. IAE DIJON accords great importance to the international aspect of its educational offering. Students have the possibility of going abroad for part of their studies in one of IAE DIJON's many partner universities (Germany, China, Spain, Norway, Poland, Switzerland, Taiwan, Japan, South Korea...).

■ RESEARCH

IAE DIJON School of Management's permanent professors are all part of the CREGO (Organizational management research centre) – a manifestation of their desire to be at the forefront of research. The CREGO and its members are highly interested in the needs and preoccupations of companies, and their work centres on the issues relative to the study of management.
